

Emergency Spill Response Contractors

Seattle Public Utilities makes no recommendation whatsoever regarding any private contractor who performs spill response cleanup. The companies listed below can be found in the Yellow Pages phone book or online. These contractor have the capability to respond to emergency spills and initiate cleanup. This is not an all-inclusive list of contractors that can provide this type of service.

Many companies will not be able to respond to unscheduled work or some types of spills it is very important when contacting them express to them that this is **an emergency spill and you need them to respond to the site now. Let them know the material that has spilled volume, what needs to be done to start the cleanup and any other extenuating circumstances.**
